Old Dominion Trust Company and Make-Up Shows Extensive Changes Kean, Taylor & Co. File Highest Bid.

Nine Bidders Submit Offers for \$534,-000 Issues, Bearing Interest at 414 Per Cent-Experts Congratulate City on High Price Obtained.

The soundness of Richmond's credit and the demand for its securities were again demonstrated yesterday, when nine bidders submitted offers to the Finance Committee for the purchase of the \$534,000 bond issue for annexation improvements authorized by the Coun-cil on January 15.

The highest bid was submitted by the Old Dominion Trust Company, of this city, and Kean, Taylor & Co., of New York. The two banks bid jointly for the bonds, offering 100.77, the highest bid that was filed. Upon the motion of Alderman Gilman the bid was accepted and the award made to these two concerns.

FULLER SAYS PRICE

Vice-Chairman Fuller, of the Finance Committee, said at the conclusion of the meeting that he regarded the price as particularly satisfactory in view of the untoward state of the bond market the country over. The bid that was accepted gives the city a premium of 77 cents on each \$100 of the issue, or a otal premium on the entire \$534,660

The price is practically the same as that of the \$1,500,000 special improvement bond issue that the city sold last year. These were 4 per cent bonds and vere sold to Rollins & Son, of Boston for about 92. This is relatively about the same rate as \$100.77 for 4½ per cent bonds—the kind that were sold

Representatives of New York and Soston banking houses who were present when the bids were opened, told the committee after adjournment that the bonds brought an unusually high The city of Richmond, they said, many other American municipalities.
